

HOW TO MAKE AN ORIGAMI JUMPING FROG

Frogs love to leap and jump.

You can make your own jumping frog in just a few steps!

for more jumping frogs visit: <https://origami.me/jumping-frog>

1. Start with a rectangular sheet of paper, white side up.

Fold it in half, and open out again

2. Fold both top corners to the opposite edge of the paper then unfold. Your creases should look like this.

3. Where the diagonal creases meet in the middle, fold the paper backwards, crease well and open.

4. Hold the paper at the sides, bring these points down to the centre line, then flatten. The creases should do most of the work here!

5. Fold the uppermost triangles up to the top point.

6. Fold sides in to the centre line.

7. Fold bottom of model upwards so the end sits in the centre of the top diamond.

8. Now fold the same part downwards, in half.

To make him jump, press down on his back as shown.

9. Turn over, your Jumping Frog is finished!
